Please see over for more information

Wroxham Signalbox Trust - registered charity no. 1093170

- *This restored signalbox is run by volunteers and open to the public throughout the season.*

- *It has been refurbished with a museum room downstairs under the signalbox which is ideal for meetings of groups for about 12 - 15 around a table, or up to 30 sitting in rows. (tables and chairs provided)*

- *It is fully equipped with a overhead projector and there are coffee & tea making facilities in the old lamp room adjacent to the signalbox.*

- *It is not only a unique building but it is situated in a unique location to hold meetings - look outside and you can see the mainline trains pass by at regular intervals; look up and you can see the workings of the 50 lever frame.*

The Trustees of the signalbox are keen to let the room for regular or one-off meetings, as it will help to raise money to continue the running of the signalbox.

If you would like to find out more, or you would like to come and see the room, then do please get in touch.
